Dear PRC:

I am very concerned about the 500 ft clearcut that is being proposed on Project 3018093 at 9666 51st Ave S, which is bordering on the beautiful Kubota Gardens. This clearcut does seem seem conducive to development right next to these gardens.

Therefore, I urge you to hold a public meeting to review the environmental and landuse issues of this proposed clear-cut of this large wooded lot and address citizen concerns about WHY this closed canopy tree grove should be destroyed. Overdevelopment is destroying what's left of our old growth trees in Seattle and we taxpayers are tired of it. A strong tree ordinance is needed before every last old growth tree is cut down in Seattle.

**Sincerely,
Gayle Janzen
